- *The Latest News* -

Torrey Pines North will be closed October 1-3 for greens aerification and overseeding. Torrey Pines South will be closed October 22-24 for greens aerification and overseeding.

Quick Fact

Overseeding is a process that involves spreading cool-season grass seeds, typically varieties of rye and fescue, over the existing Bermuda grass fairways and roughs. During the winter months, Bermuda grass goes dormant. This transition to cool-season grasses is essential for maintaining lush, green playing surfaces.
